

Mrs Liesl Lobo

I am a qualified teacher with 10+ years of experience. At present I am studying with the Dyslexia Matters for a level 5 course Teaching and Assessing children with Dyslexia and other special learning difficulties. I complete this course by January 2021 and hope to carry on to the level 7 course/ SENCO Course depending on the job.

As a member of the BDA (British Dyslexia Association), I want to be involved, as I want to pursue my career in the field and hope to keep abreast of its safeguarding requirements.
